MEMORANDUM FOR THE RECORD

**SUBJECT: Arrangements for Activation of URPIC-Y**

1. Today I made the following arrangements:

a. On request of the Army and Navy, Air Force was requested to provide for lateral dissemination from URPIC-Y in re Mission 6015 as follows:

- 1) COMNAVFOR (Japan)
- 2) COMSEVENTHFLT
- 3) CINCPACFLT (Hawaii)
- 4) USARPAC (Hawaii)

b. In addition, the Air Force will send to:

- 1) 5th Air Force (Yokota)
- 2) PACAF (Hickum Field, Hawaii)

c. Requested Air Force to hand carry by TALENT messenger OXY on 6015 to

50X1

2. General Cabell agreed it would be best to have Air Force use SSO communications channel for transmission OXY to Headquarters to test time since no existing urgency within hours for report here. So informed the Air Force. Alternate capability URPIC-Y to Base C and then through our communications channel estimated to take an hour and a half by car. Will be held in abeyance pending outcome of SSO transmission.

3. Air Force will inform HTAUTOMAT promptly upon receipt OXY 6015. HTAUTOMAT alerted (Lundahl) to pick up and proceed with normal on Headquarters dissemination.

4. Consulted Navy on method of informing COM TAIWANDEF COM.  
Agreed pending further check 19 August that the best way to inform and  
to ensure security was by special instruction Headquarters to Taiwan.
